Aims for tonight's session:

- *How Glow can be used to support learners, specifically looking at applications like Google Classroom.*
- *To gain an understanding of other Google functions like Meet and Guardian Summaries and how they can support learners.*

Task 2: Get creative and start your own artwork inspired by Thiebaud.

Materials you will need:

1. We know that Thiebaud liked to paint from life. If you have anything in your house/classroom available to draw, try drawing with the object in front of you. If not, find a good quality photo on the internet. Or use any included on this video.
2. Paper
3. Pencil
4. Optional; coloured pencils, pens, paint etc.

Remember...

Although these solutions are all grammatically correct, the one you choose will affect the tone and impact of your writing.

What is tone?

Part of English | Understanding, analysis and evaluation

Tone is the attitude that a writer expresses towards a subject.

This technique should be familiar to you as you will have studied it at 3rd level. Use this guide to revise and check your understanding.

TONE

Some always send a message. Everything we say or write has a tone.

- "What are you doing?" This seems like a simple question.
- "What the HELL do you think you're doing?" Adding extra words to this question can completely change the tone. The tone of this message suggests the person is not happy.

How to create tone

What is Google Classroom?

Google Classroom is an online classroom. These are created by teachers, and pupils are then added or asked to join using a code.

Within the online classroom the teacher can:

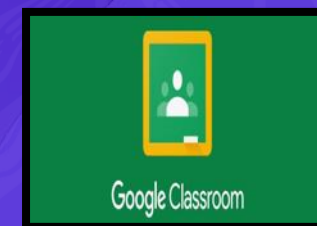

- Post messages e.g. reminders to bring in certain materials
- Create assignments to be completed in class using chromebooks/laptops
- Assign tasks to be completed in pairs/groups using devices
- Assign HW tasks to be completed and handed in electronically
- Provide online feedback on assignments/homework where appropriate
- Issue link to forms for feedback

Pupils access Google Classroom via their GLOW login.

They can also access via the app
(All S1 classes will be given an additional digital session, to help them set this up on their devices.)

Once in app they can:

- See announcements sent by teacher
- Access any class materials posted by teacher
- Access homework assignments and instructions
- Access class tasks assigned by the teacher e.g. PP presentation task
- Contact teacher/peers for support with tasks.

What are Guardian Email Summaries?

As a guardian, you are set up to receive email summaries about your student's activity in Classroom.

In email summaries, you will see:

- Missing work - Work not turned in when the summary was sent.
- Upcoming work - Work that's due in the upcoming week.
- Class activities - Announcements, assignments, and questions recently posted by teachers.
